WG C - 2004 Organization

- "give and take" principle
- Each member to choose a topic to study as a home work (alone or together with one or more colleagues), and prepare a short presentation to be presented during the next WG C plenary meeting (5-15 minutes);
- WG C to choose from the individual presentations the subject(s) to be presented during the next ARGE Conference
- One plenary meeting held in Paris during Spring 2004, and two short meetings will be held in Helsinki, one before the Conference to co-ordinate the speakers, and one after the Conference to prepare for future work;
- All members to circulate directly by e-mail to other WG C members all documents of interest related to standardisation, using WG C mailing list;
- WG C to use ARGE web site to store reference documents;
- ➔ **This new organisation allow for each member to be involved in standardisation work and to use WG C as a support for education.**

WG C - Agenda

- Inside view of EFSG and voluntary certification,
 - by Benoit Clair, managing Director of CNPP

- WGC report
 - Standards
 - Update on EN standards for Hardware
 - Construction products standardization in Europe
